E-ADMISSION PORTAL WITH HALL TICKET GENERATOR

A project report submitted to be the Bharathiyar University, Coimbatore, in Partial fulfilment of the requirement for the award of the Degree of

BACHELOR OF SCIENCE (Computer Science)

Submitted by

M.GOKUL (23CS0724) S.VIGNESHWARAN (23CS0738)

Under the Guidance of

Dr. G.VIJAIPRABHU

Assistant Professor in Computer Science

PG AND RESEARCH DEPARTMENT OF COMPUTER SCIENCE ERODE ARTS AND SCIENCE COLLEGE (Autonomous) ERODE-638009 MARCH 2026

CERTIFICATE

This is to certify that the project entitled **"e-Admission Portal with Hall Ticket Generator "** is submitted to Bharathiyar University, Coimbatore, in partial fulfillment of the

requirements for the award of the Degree of **Bachelor of Computer Science**. This project is a record of original work carried out by **M. Gokul (23CS0724)** and **S. Vigneshwaran (23CS0738)** during the academic year **2025–2026** in the **PG and Research Department of Computer Science, Erode Arts and Science College, Erode,** under my supervision and guidance, and this work has not formed the basis for the award of any degree, diploma, associateship, fellowship, or any other similar title to any candidate in any University.

ACKNOWLEDGEMENT

ACKNOWLEDGEMENT

We express our sincere gratitude and whole hearted thanks to **Dr.K.MEENAKSHI SUNDARAM MCA., M.Phil., Ph.D.,** Principal, **Erode Arts And Science College (Autonomous), Erode,** for is valuable support to complete the project work.

We express our sincere thanks to **Dr.K.MEENAKSHI SUNDARAM MCA.,M.Phil., Ph.D.,** Associate professor & Head PG and Research Department of Computer science, **Erode arts and Science College (Autonomous), Erode,** for his valuable support to complete the project work.

We extend our heartfelt gratitude to our guide **Dr. G.VIJAIPRABHU** Assistant Professor PG and Research Department of Computer Science, **Erode Arts And Science College (Autonomous), Erode,** for his continual support and enduring guidance throughout our project tenure.

Our earnest thanks to all faculty and staff members in the PG Research Department of Computer Science for their constant care and support.

To all our friends, we owe more than what we could mention. At times of mental strains, they made us endure with their affectionate wishes and prayers. We are greatly liable to the indispensable role played by them, rendering us all that we needed. We are dedicating this project work to our lovable parents.

ABSTARCT

The main objective of the **"E-Admission Portal with Hall Ticket Generator"** is to develop a web-based system that automates the student admission process and hall ticket generation in educational institutions. The system allows students to submit admission applications online, upload required documents, and download Hall Ticket easily. It also enables administrators to manage student data, verify applications, and generate hall tickets for examinations efficiently.

The software **"E-Admission Portal with Hall Ticket Generator"** is developed using **React.js as the front end and Node.js with Hapi.js as the back end**, while **MongoDB** is used as the database under the **Windows 11 environment**. The system includes features such as online application submission, student record management, hall ticket generation in PDF format, and administrative monitoring of applications and records.

This project consists of **three chapters**. The first chapter deals with the **introduction of the project work system**. The second chapter explains the **existing system, drawbacks of the manual admission process, proposed system, and system analysis**, which plays an important role in the software development cycle. The third chapter deals with the **system design**, including **software specifications and hardware configurations** used in the development of this project.
